meet rye & her sidekick chase.

the story of rye is simple. she's a girl who loved the art of photography and chose to follow her dream. she attended the univeristy of kansas and then interned under an award winning photographer for a couple of years before opening up shop on her own. she's been in business for 17 years and continues to follow her heart every day. one day, rye met chase. he's rye's loyal sidekick (and loving husband of 14 years!) chase walked in for headshots, asked her out, and the rest was history. he's the organizer, salesman, and muscles to theRYEstudio, which rye could not live without! most recently, theRYEstudio found it's permanent home. the two of them purchased a 130 year old building located in stilwell, kansas. it was orignally the general store from 1889. the place has amazing character, exposed brick walls, and so much room to be as creative as they want. when you come to the studio, you'll probably meet their little boy laiken, and baby girl jaylie... along with their two dogs ever & scout. these two make the best team you'll ever meet. like it or not, when you walk into the studio, you are SURE to enjoy yourself.

meet the family.
jaylie. scout. ever. laiken.

rye has freckles. her buddies used to tease her about them in college. they compared her skin to the rye bread sitting on her kitchen table one summer day. she giggled, embraced the name, and from then on out "rye" it was.

lets meet.

here's how you get started. grab the phone and call RYE and set up a free consultation. make sure your mom or dad can come with you. during that consultation, any and all questions you have will be answered. the consult will go over good ideas for clothing, pricing, locations, & printing options. if you like what you see at the consultation, rye & chase will ask you to get out your calendar and pick a date for your photoshoot! they will also set up a time for you to come back to view and purchase all your photographs... aka, the hard part. rye & chase want to meet you face to face and speak with you, hear all about you, and get a sense to who you are. they also want you to see the studio so you can get lots of ideas too. so grab your phone. dial 913.317.8682 and set up your free consultation. remember when you book with RYE, she's the one who will be photographing you. there's only one photographer and her calendar gets full FAST. If RYE is who you want, call today. The sooner you are on her calendar, the better.

A note from RYE

Your mama wants you to get your senior portrait taken. You dont like being photographed. You protest. You say no.

HERE'S WHY YOU DO IT.

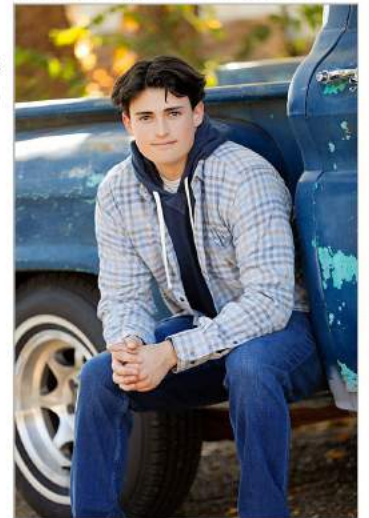

gals, this is important. if you are investing in senior portraits, make sure you look your absolute BEST. CALL CRISTY GUY. she has been a makeup artist and hair stylist for over 20 years and has enjoyed making up faces across the U.S. working with TV personalities, professional athletes, as well as advertising campaigns & magazine editorials. cristy will have you looking picture perfect for your senior session! you can reach cristy at 816.686.8395. she typically does your hair and makeup here at the studio prior to your photoshoot. you'll love her. she's AMAZING.

TRUST ME ON THIS ONE. JUST CALL CRISTY.

Just like when your parents brought you home from the hospital, and they took a zillion photographs of you opening your eyes, wiggling your toes, smiling... when it probably wasnt even a real smile, at 7 days old it was just gas... but whatever. It was still cute. They took picutues of you potty training, playing in the sprinkler naked, and eating a popsicle that dripped down your big 5 year old belly. They captured your first day of kindergarden, and lets face it, your first day of every single grade you've ever entered.

They have picture frames with you at the lake jumping off the dock with your buddies. There's first dance pictures. You standing proud next to your first car pictures. Headed to your first job pictures. You know there's a photograph of you laughing, SO hard. And everytime your mama looks at it, it makes her laugh so hard too. And now, you're about to graduate high school. MOVE OUT. Go to college. Your parents won't get to see you everyday like they have for the last 18 years of their life. They will be sad when you leave. You may not get this yet, but college will change you. It will change what you look like and how you feel about life. You'll learn about love. You'll learn there's more to life than caring about what some snody girl thinks. You'll learn how to do things like laundry and cook on your own even though it will still feel nice when your mama comes up and does it for you. You'll GROW. A LOT. So why do you do it? You do it because your mama wants you to. She's captured every other point in your life and this my friend, is a big one. She wants to remember her baby's face at 18 years old before he left her home. She wants to have that face before you gained your independence framed in an 8x10 frame on her night stand. Even though you are 18, you're still her baby. You always will be. One day, 5,386,873 years from now, your baby will be 18. And watching her graduate will be hard for you too. You'll want a photograph. Trust me. So just do it. Do it for mama. And smile in a few too.

rye

pricing

when you come in for the consultation, you'll put down a reservation fee to book. from there, it's all up to you. no built-in packages, no minimum orders, no time limits on when you have to order. rye wants you to book a consultation to go over all pricing together so there is no confusion. Come in to see all the different outside locations, see all her fancy furniture and backgrounds so you can get ideas on colors, see and feel the different styles of printing. call rye and schedule that free consultation so you can view the studio in person and learn about senior portraits at RYE. it's impossible to describe to you what RYEstudio does and creates over the telephone. these consultations are important so you know what you can expect from RYE. they last about 15 minutes and you'll walk out the door knowing exactly the investment and have a better understanding to what we do here.

questions?

will you artwork me rye? OH YES. rye and chase spend many hours artworking all the photographs you come back to see. your skin is clear, your eyes are brighter and your teeth are whiter! they don't want you to look fake, and they DO want you to look like a teenager. you'll look the best you've ever see yourself, while still looking like YOU.

can we share anything on social media? We'll post 6 images to facebook for you with our logo on them AFTER an order of atleast \$300 is placed.

how long is a photoshoot? studio shoots are about an hour and on-location shoots are about 45 minutes!

will you tell me how to pose? no worries, rye has been doing this for a long time now. she'll put you in a comfy chair or sit ya down on the floor while having a conversation with you the entire time. rye plays music and is super laid back... usually barefoot. we promise you may walk in nervous, but you'll leave thinking it was a really fun experience! come in with a good attitude, and rye has the rest!

what about graduation announcements? rye custom creates them! we have tons of examples for you to see, so come graduation time, make sure you set up another appointment to custom create these together with rye!
